

HEI receives State Prize Energy Technology of the BMLFUW for Photovoltaic Modules for Solar Facades

(Vienna, 31/1/2008) - Together with Ertex Solar GmbH, HEI GmbH received the State Prize Energy Technology for the project Photovoltaic Modules for Solar Facades. In doing so, HEI was honoured for their outstanding achievements in the area of innovative technological solutions. The award-winning project incorporated the development of a novel form of photovoltaic solar modules including a suitable manufacturing technology that meets the specific requirements of modern building construction.

Award Ceremony from left to right Dr Herbert Greisberger (Secretary General ÖGUT), SC DI Günter Liebel (BMLFUW), DI Dr Dieter Hornbachner (CEO hei), DI Dieter Moor (Sales Manager Ertex Solar), DI Bernhard Sagmeister (CEO KPC), Univ.-Prof. DI Dr Günther Brauner (TU Vienna)
