

Welcome to the future of solar lighting, welcome to hei!

hei is an Austrian company, established in 2001 and based in Vienna, specialising in creating cutting edge solar outdoor lighting. We emphasis aesthetic, technical and practical excellence in every part of our business, working together to create a premium quality product. We are proud to have products installed across the globe, from the USA through Europe to the UAE. We also pride ourselves on the highly diverse nature of our colleagues, with over 15 nationalities being represented in our 40 employees!

We are currently looking to enhance and expand our team, with the addition of a

CAD-Designer (m/f/d)

The ideal candidate will be responsible for electromechanical design work in the area of solar LED outdoor lighting. If the profile below sounds like a good fit, we encourage you to apply!

Quick facts

- Location – Central Vienna
- Working language – English / German
- Dress code – Casual / Smart Casual
- Your own desk, no hot-desking here!

Your tasks

- Electromechanical design work and manangement of CAD-design projects in the area of LED outdoor lighting (solar lighting) and fixture construction
- Requirements engineering. Definition of product specifications, concepts, CAD models
- Assembly, testing and evaluation of prototypes, product certification
- Project lead/coordination of interdisciplinary product development
- Project management according to cost, - quality, - and time constraints
- Preparation of technical documentation

Your profile

- A university degree in mechanical or electrical engineering, technical physics or similar qualification
- At least 5 years of work experience as a CAD-designer in a similar product area
- Experience and knowledge in fields such as: electro-mechanical engineering, injection moulding, aluminium die-casting, metal fabrication, steel construction, LED technologies.
- A strong commercial awareness
- A structured and independent way of working and a precise working style
- Team orientation, excellent communications skills

- Very good knowledge of CAD and simulation tools (preferably Solidworks)
- Enthusiasm for innovative, environmentally friendly products with high quality design standards

Why you should apply

- A varied range of work in a highly dynamic growth market
- Innovative, unique, environmental-friendly products with high market potential
- An ambitious and interdisciplinary team with a flat hierarchy
- Appropriate remuneration
- Excellent personal development opportunities

The minimum annual salary (based on the Austrian Collective Agreement) amounts to € 40,000. The actual salary is higher and is aligned to professional experience and qualification.

The application process

To apply please send **one document containing your CV, and a short covering letter** detailing why **hei** appeals to you and what skills you can bring to us to **recruitment@hei.at**.

Once received, please allow us approximately two weeks to review your application. If we see you as being a good fit, we will arrange an in-person or skype interview depending on your local availability.

From then we will evaluate your interview performance and invite you for a second follow-up interview to further get to know you and to give you a chance to meet the team.

Following a successful interview an offer is usually made!

We look forward to receiving your application!

HEI Technology International GmbH, Ameisgasse 65, A-1140 Vienna, Austria.
