

## Your career in the growth market environment-friendly energy technologies.

We are an internationally operative technology company, working in the field of efficient environment-friendly exterior LED-lighting. We are based in Vienna, currently employing 40 people. Our focus is on premium solar lighting with high quality design standards.

To enhance our design and R&D team at the earliest possible date, we are looking for a

# Smart City - Software Developer (m/f/d)

## SMART CITY / SMART LIGHTING APPLICATIONS

### Your tasks

- Development, implementation and realization of Internet-of-Things (IoT) applications, in the field of Smart City and especially Smart Lighting
- Participation in developing an international communications protocol
- Software tests and quality assurance
- Development of customer-specific solutions
- Continuous integration of functions to cover new verticals

### Your profile

- University degree (from a technical university or technical college) in technical informatics, telecommunications or similar qualification
- Sound knowledge of object-oriented programming, development of APIs and working with databases
- Python experience
- Good knowledge of network protocols and security standards
- Ideally experience with Embedded Linux on single board computers
- Familiarity with software versioning tools (Git, SVN, ...)
- A structured and independent way of working and a precise working style
- Team orientation, communication skills
- Good English and at least a basic knowledge of German
- Enthusiasm for innovative, environmentally friendly products with high quality design standards

### Our offer

- A varied range of work in a dynamic growth market
- Innovative and unique products with high market potential
- An ambitious and interdisciplinary team with flat hierarchies
- Appropriate remuneration
- Excellent personal development opportunities

The minimum annual salary (based on the Collective Agreement) amounts to € 40.000. The actual salary is higher and is aligned to professional experience and qualification.

If you are interested in this position, please send your sound application (including a photo, your availability and salary expectations), preferably by e-mail, to: [dieter.hornbachner@hei.at](mailto:dieter.hornbachner@hei.at).
