- Completed university degree (MSc) in mechanical engineering, or similar qualification
- At least 3 years of relevant experience
- Experience in one or more relevant areas: electromechanical construction, steel construction, LED technology
- Structured, independent way of working, precise and efficient working style
- Team orientation, good communication skills
- Good spoken and written English, German is a nice-to-have
- Very good CAD knowledge (preferably Solidworks)
- Very good experience in using of CAD simulation tools (preferably Solidworks)
- Enthusiasm for innovative, environmentally friendly products with high design standards

WHAT WE OFFER:

- 36-hour week (4-day week optionally)
- After orientation period home office partially possible
- A diversified job
- Innovative and unique products with a high market potential
- Performance-based pay
- A high degree of personal responsibility
- Cooperation with an international team

The minimum annual salary (based on the Collective Agreement) amounts to € 42.000. The actual salary is higher and is aligned to professional experience and qualification.

THE APPLICATION PROCESS:

To apply please send **one document containing your CV, and a short covering letter** detailing why **hei** appeals to you and what skills you can bring to us to recruitment@hei.at.

Once received, please allow us approximately two weeks to review your application. If we see you as being a good fit, we will arrange an in-person or video interview depending on your local availability.

From then we will evaluate your interview performance and invite you for a second follow-up interview to further get to know you and to give you a chance to meet the team.

Following a successful interview an offer is usually made!

We look forward to receiving your application!

hei Technology International GmbH, Ameisgasse 65, 1140 Vienna, Austria
