

## Welcome to the future of solar lighting, welcome to hei!

hei is an Austrian company, established in 2001 and based in Vienna, specialising in creating cutting edge solar outdoor lighting. We emphasize aesthetic, technical and practical excellence in every part of our business, working together to create a premium quality product. We are proud to have products installed across the globe, from the USA through Europe to the UAE. We also pride ourselves on the highly diverse nature of our colleagues, with over 15 nationalities being represented in our 40 employees!

To enhance our team, we are looking for an

## CAD designer (m/f/d) mechanical engineering Solidworks

to join our company as soon as possible.

### Your responsibilities:

- Participation or management of CAD projects in the field of LED outdoor lights (solar lights) and design of fixtures and jigs for our own production
- Electromechanical design work
- Project management (according to cost, quality, and time specifications), and coordination of interdisciplinary product development
- Definition of product requirements
- Technical documentation
- Ensuring product quality

### Your qualification & skills:

- Completed degree (university) in mechanical engineering, technical physics, or similar qualification
- At least 5 years of professional experience as a design engineer
- Experience in one or more relevant specialist areas: electromechanical construction, steel construction, LED technology
- Structured, independent way of working, precise and efficient working style
- Team orientation, good communication skills
- Very good spoken and written English, German is a nice-to-have
- Very good CAD knowledge (preferably Solidworks)

- Enthusiasm for innovative, environmentally friendly products with high design standards

## What we offer:

---

- A diversified job
- Innovative and unique products with a high market potential
- Performance-based pay
- A high degree of personal responsibility
- Cooperation with an international team

The minimum yearly salary (based on the Collective Agreement) amounts to € 40.000. The actual salary is higher and is aligned to professional experience and qualification.

## The application process:

---

To apply please send **one document containing your CV, a portfolio or a link to your 3 best works and a short covering letter detailing why hei appeals to you and what skills you can bring to us to [recruitment@hei.at](mailto:recruitment@hei.at).**

Once received, please allow us approximately two weeks to review your application. If we see you as being a good fit, we will arrange an in-person or video interview depending on your local availability.

From then we will evaluate your interview performance and invite you for a second follow-up interview to further get to know you and to give you a chance to meet the team.

Following a successful interview an offer is usually made!

**We look forward to receiving your application!**

**hei Technology International GmbH, Ameisgasse 65, 1140 Vienna, Austria**
